SPECIES

The National Reptile Zoo offers an experience like no other for your school tour. Not just entertainment but also a fun and unique way to learn.

For an hour and a half you will have your own dedicated keeper to take you on a guided discovery walk, through the zoo.

You will then get to step into a tropical walk-through exhibit and experience what it is like in the South American jungle.

On to our Animal Encounter Zone where you come up close and personal to our snakes, lizards, turtles and all things scaly (and maybe some creepy crawlies too)!

Learning resource packs are available as well as our continued educational support throughout the year.

Just €6.75 per child
